Flexible input

This is an FCC Class A device. Not intended for use in residential or domestic environments.

Founded in 1991 from an IBM heritage in Lexington, Kentucky, Lexmark is one of the few American companies to own, develop and market, monochrome and color laser print technologies. Lexmark is poised to deliver on its promise to produce quality, dependable products well into the future.

Robust high-quality color

Rely on the Lexmark CS748de color laser printer for the high-quality color printing essential to business.

- ▶ Match corporate colors with Lexmark Named Color Replacement and PANTONE® calibration
- ▶ The high-speed processor and Gigabit Ethernet networking mean fast data transfer and fast processing, even on complex color documents
- ▶ Print quickly at speeds up to 35 ppm and a time to first page as fast as nine seconds in both black and color
- ▶ Lexmark high-yield cartridges let you print up to 12,000 pages per cartridge in black and 10,000 pages per cartridge in color¹

Performance and productivity

The combination of easy-to-use features and reliable performance means business processes are intuitive and you are productive.

- ▶ The easy-to-use 4.3-inch (10.9-cm) color touch screen provides audible feedback and tablet-like navigation
- ▶ Expand input capacity with optional drawers that boost total input capacity up to 4,300 sheets
- ▶ Create custom messages to provide helpful information such as helpdesk telephone numbers and company communications
- ▶ Instead of installing individual drivers for each printer model, the Lexmark Universal Print Driver provides a standardized, one-driver solution

Business solutions

The Lexmark Embedded Solutions Framework (eSF) helps expand functionality, move information more efficiently throughout your business, lower costs and

- ▶ Quickly and efficiently access eSF solutions directly from the 4.3-inch (10.9-cm) color touch screen
- ▶ The optional hard disk provides the ability to store files on the device and run additional solutions with ease
- ▶ Pre-loaded solutions mean you can be productive and save time, money and paper—right out of the box
- ▶ Additional solutions are available for greater savings and productivity

¹ Average continuous black or composite CMY declared cartridge yield in accordance with ISO/IEC 19798.

Why Lexmark color?

The documents you print define an important image—yours. The Lexmark CS748de color laser printer is perfect for printing reports, marketing collateral and on-demand signage with brilliant color reproduction. So when you put a high-quality color document in a client's hands, you're advancing communication and your company's image at the same time.

Professional color quality

Color communicates, informs and persuades. Vibrant, expressive color also attracts attention and increases impact. In short, color is your brand—who you are. The Lexmark CS748de color laser printer is a color powerhouse. It offers repeatable, accurate color matching and features that create continuity from one document to the next.

- ▶ **Easy brand matching:** Match corporate colors on marketing collateral and logos with Lexmark Named Color Replacement. Simply enter specific color values for easy color matching, including company defined colors and PANTONE® color.
- ▶ **Money-saving color:** Color is business critical, but often it is seen as expensive or wasteful. Lexmark ColorCare Technology helps change that perception. Tools like User Quotas help you manage and make intelligent decisions about color printing.
- ▶ **Continuous color:** Print with confidence, knowing the Lexmark CS748de produces documents at optimum quality. Status screens and supply alerts notify you when toner is low, so you don't run out in the middle of a job.

Professional color performance

Whether you need one document or many, consistency is important. The Lexmark CS748de color laser printer delivers in all types of situations—last minute presentations, large print jobs for promotional events or constantly used forms. It can produce high-quality documents on a variety of media while helping you save money at the same time.

- ▶ **Consistent color across media:** Lexmark color technology gives you consistent, professional color on a variety of media types and sizes. Carry a consistent look across materials and show clients your true colors, no matter what you present to them.
- ▶ **Print on demand:** Eliminate waste. Don't print forms, marketing materials or other documents externally and store the paper versions. Instead, with the Forms and Favorites solution, store frequently required files online and print in-house and on demand.
- ▶ **On-the-fly updates:** Create custom color documents directly from the Lexmark CS748de. Use print preview and post-process job changes to make updates like removing a cover page or switching between simplex and duplex printing.

Lexmark CS748de solutions

Reduce unnecessary printing and simplify work processes through Lexmark solutions. The Lexmark Embedded Solutions Framework (eSF) enables you to add a wide range of software apps directly onto the device. Solutions are designed with your productivity in mind, helping you streamline—or even eliminate—paper-intensive business processes.

Lexmark CS748de built-in solutions

The following apps are available on the Lexmark CS748de color laser printer.

Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

Eco-Settings

Print responsibly, save money and reduce waste with little effort. Choose from multiple print settings that help reduce energy, paper and toner consumption, using custom Eco-Settings.

Showroom

Display a customizable, scrolling slideshow on the color touch screen to communicate important messages to customers or employees while the device is in power save mode.

Change Background

Communicate to customers and employees and make the device truly your own. Customize the background or a timed idle screen to show one of the four preloaded backgrounds or any image you want, such as a photo or logo.

Lexmark CS748de additional solutions

In addition to the solutions built into the device, a diverse portfolio of additional Lexmark solutions is available to help accommodate your workflow needs.

Customer Support

Lets you send an email alert to your help desk or service provider to request service or support. Pertinent information about the device can be automatically attached to the email message.

QR Code Generator

This eSF application generates a Quick Response (QR) Code and displays it on the device user interface.

Device Quotas

Allows the administrator to configure user level quotas for print, scan, copy and outbound fax on devices with the optional hard disk.

Contact your Lexmark Business Solutions Dealer for additional solutions.

Easy brand matching

Consistently match branded colors and print marketing collateral inhouse with Lexmark Named Color Replacement.

Intuitive color touch screen

Operate your printer with ease and confidence using the 4.3-inch (10.9 cm) color touch screen that makes navigation smart and intuitive.

Lexmark CS748de color laser printer shown with the optional 550-sheet drawer, 2,000-sheet high capacity feeder and caster base.

Convenient updates

Preview documents and change output settings, such as two-sided printing, directly at the device.

Flexible input capacity

With the optional 550-sheet drawer, specialty media drawer and 2,000-sheet high capacity feeder, customize input options to meet your printing needs.

Optional hard drive

The optional hard drive increases productivity with job waiting and on-printer form and file storage.

Use less energy

The instant warm-up fuser reduces energy consumption and delivers a time to first page as fast as 9 seconds in both black and color.

Walk-up USB printing

The front USB port allows for convenient walk-up printing of PDFs and many printable image file formats.

Multiple media support

Ultra-reliable paper feeding supports diverse media, including card stock, vinyl labels, banners and more.

¹Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ²Maximum Monthly Duty Cycle² is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ³Recommended Monthly Page Volume³ is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ⁴Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798. Actual yield may vary according to customer usage.

This is a Class A device according to the FCC Rules and international electromagnetic emissions standards. This device is not intended for use in residential or domestic environments due to potential interference to radio communications.
